

Too much to lose

Come to our public meetings

Gerroa Environmental Protection Society

See how the *Draft Illawarra Growth & Infrastructure Plan* will change the environment of Gerroa & Gerringong.

It enables sand mining in biologically important forests south of the Caravan Park at Gerroa.

It proposes urban expansion on farmlands in south Gerringong.

It proposes 3600 dwellings for Kiama municipality, a population increase of 9000 or 40%.

It fails to plan for climate change even though sea levels are rising at 3.2mm a year.

Come to the public meetings at:

Gerringong Town Hall Wednesday 12th Nov. at 7:30 pm

Gerroa Neighbourhood Centre Wednesday 26th Nov. at 7:30 pm

Please take time to view our slide show: <http://geps.happenings.id.au>
